Praise for DREAMING DANGEROUSLY 5 out of 5 star reviews: Once I read the first page, I couldn't put it down until I finished it. Dreaming Dangerously is a book I would recommend to anyone to read... the Author is skilled. -Domninequ,Goodreads.com It really just blew me away how much I loved reading this book. Chari, Goodreads.com I loved Dreaming Dangerously. Mind reading is one of those things not all authors can write about. Dreaming Dangerously is a book I would highly recommend. - Kris Spor, Amazon customer Overview of DREAMING DANGEROUSLY: A teen mind-reader tries to keep her secret from the gossips at her high school. A popular boy who finds out. Her nightmares start to come true. She must learn to trust him before it's too late to stop the tragedy that awaits. FOR ANYONE WHO WANTS YOUNG ADULT SCIENCE FICTION/FANTASY and can't get enough of Hunger Games, and Eevee, then you must read DREAMING DANGEROUSLY. Its your next YA thriller!! Other works by Kathleen Suzette Harsh: DARKNESS DESCENDS, book 2 of the Children of the Psi series is out now!

Madness and Reason in the Maximum Security Prison Univ of California Press
Randolph Contras came of age in the South Bronx during the 1980s, a time when the community was devastated by cuts in social services, a rise in arson and abandonment, and the rise of crack-cocaine. For this riveting book, he returns to the South Bronx with a sociological eye and provides an unprecedented insider's look at the workings of a group of Dominican drug robbers. Known on the streets as "Stickup Kids," these men

- bullied and brutally tortured drug dealers storing large amounts of heroin, cocaine, marijuana, and cash. As a participant observer, Randolph Contras offers both a personal and theoretical account for the rise of the Stickup Kids and their violence. He mainly focuses on the lives of neighborhood friends, who went from being crack dealers to drug robbers once their lucrative crack market opportunities disappeared. The result is a stunning, vivid, on-the-ground ethnographic description of a drug robbery's violence, the drug market high life, the criminal life course, and the eventual gain and suffering experienced by the casualties of the Crack Era. Provocative and eye-opening, the Stickup Kids urges us to explore the ravages of the drug trade through weaving history, biography, social structure, and drug market forces. It offers a revelatory explanation for drug market violence by masterfully uncovering the hidden social forces that produce violent and self-destructive individuals. Part memoir, part penetrating analysis, this book is engaging, personal, deeply informed, and entirely absorbing.

The Dynamics of Urban Violence Martin Sisters Publishing
Details how the nation can bring about a fundamental change in our failed and inhumane national drug policy. Shows how the harms and perverse incentives created by drug prohibition can be eliminated through a adult use tolerant dispensary system tightly controlled against access by minors, the age group where 90% of additions begin. Proposes a scalable, state system, which can begin with pilot programs in selected counties whose success can be emulated in others and so spread across the country. Qualified adults are allowed to join a confidential program that allows them to purchase drugs and paraphernalia manufactured and dispensed under FDA regulations, at below street prices. Purchase is through a tightly controlled remote ordering/delivery system, preventing access by minors. To qualify, users commit to regular contact with counselor/monitors, or "coaches". The coaches maintain contact with the users to promote responsible use, to keep them informed of current drug information and risks, and to serve as helpful confidants when someone signals a readiness to discuss rehab. The book shows how this system will increase users' willingness and ability to seek abstinence over time and at a pace commensurate with their individual circumstances and conditions. Employ market forces to destroy the business of the pervasive drug dealers and violent traffickers. 3. End the accessibility to drugs of teens and young men from drug traffickers; 4. Implement effective health and safety in our communities; end drug related violence, the drug market high life, the criminal life course, and the eventual gain and suffering experienced by the casualties of the Crack Era. Provocative and eye-opening, the Stickup Kids urges us to explore the ravages of the drug trade through weaving history, biography, social structure, and drug market forces. It offers a revelatory explanation for drug market violence by masterfully uncovering the hidden social forces that produce violent and self-destructive individuals. Part memoir, part penetrating analysis, this book is engaging, personal, deeply informed, and entirely absorbing.

- pathological addiction that is as dangerous as drug addiction itself. For anyone who wants young adult terms for drug users...
failed to deter border crossers while successfully turning the rugged terrain of southern Arizona into a killing field. In harrowing detail, De León chronicles the journeys of people who have made dozens of attempts to cross the border and uncovers the story of the objects and bodies left behind in the desert. The Land of Open Graves reveals the suffering and deaths that occur daily in the Sonoran Desert of Arizona as thousands of undocumented migrants attempt to cross the border from Mexico into the United States. Drawing on the four major fields of anthropology, De León uses an innovative combination of ethnography, archaeology, linguistics, and forensic science to produce a scathing critique of “Prevention through Deterrence,” the federal border enforcement policy that encourages migrants to cross in areas characterized by extreme environmental conditions and high risk of death. For two decades, this policy has failed to deter border crossers while successfully turning the rugged terrain of southern Arizona into a killing field. In harrowing detail, De León chronicles the journeys of people who have made dozens of attempts to cross the border and uncovers the stories of the objects and bodies left behind in the desert.
